WHO WE ARE

Established in 1999, TR Data Strategy was founded on the idea that data, combined with insights and execution, can transform all aspects of an organization. Working with diversified clients from startups to the nation's largest retailers, TR Data Strategy offers a range of services, connections, and industry experience. No matter the industry, the goal remains the same: **to efficiently bring growth and measured value.**

OUR PRODUCT DEVELOPMENT SERVICES INCLUDE

- Understanding Market Conditions and the Effect of Product Development
 - Determining the gaps a new product will fill
- Determining Target Market and the One Thing Consumers Should Understand About the Product
- Identifying Resources and Building the Correct Sourcing Team
- Understanding Bill of Materials and How They Affect Product Development
- Determining How to Price the Product
- Designing Packaging and Assets to Convey Your Unique Value Proposition
- Developing Production and Sales Strategies
 - This could include resource alignment and identification, along with a strategy for both traditional and e-commerce retail

IS YOUR ORGANIZATION DATA DRIVEN?
